

# FUTURE CONDITIONS

## INTRODUCTION

A Comprehensive Plan “Vision” was presented at the beginning of this Plan. The Vision speaks to the hopes and dreams for the future of the City of Lincoln and Lancaster County, Nebraska. The Vision is a statement of where the community sees itself in twenty five years — and in the years beyond.

This chapter puts details to that Comprehensive Plan Vision. It describes how the ideas and ideals expressed in the Comprehensive Plan Vision will come about.

This Chapter is organized exactly as the “Existing Conditions” Chapter. Sixteen sections highlight the key element of the flourishing, vibrant community sought by this Plan.

Each section describes a particular facet of everyday life and how the Plan’s Vision sees it in the future — Where will people work? How will they get there? Where will they shop? Where will their children go to school? Where will there be parks and open spaces for them to enjoy? How will existing roads, sewers, and waterlines be maintained and new ones built? How will the Plan be put into place?
